

## Style with a Statement

**COMBINE** fashion with activism? We'll buy that! Whether you get clever with Ban T-Shirts' "Ban Homophobic Marriage" ([bant-shirts.com](http://bant-shirts.com)) and ISSO's "Marriage is so Gay" ([marriageis-sogay.com](http://marriageis-sogay.com)), or go more

for the simplistic message via HRC's "Love Conquers Hate" ([hrc.org](http://hrc.org)) or Just B's simply stated "Proud" ([justbapparel.com](http://justbapparel.com)) you can wear your cause across your chest this spring with some of our favorite Ts that are working for equality. Even the NOH8 campaign has gone from photo activism to fashion with its new shirt ([noh8campaign.com](http://noh8campaign.com)). So, set your designer duds to the side for a change and put your money where the movement is.
